PLEASE READ BEFORE BIDDING.

Coins and medals are sold at so much per piece, no matter how many in lot, and no lot will be separated, except proof sets, which are sold per set, or as one piece. If a lot contains say 10 pieces and you wish to pay \$2 for it, bid 20 cents on the lot. The auctioneer will accept an advance of 1 cent up to 50c., then 5c. up to \$2.50, when 10c. advance must be bid, up to \$10, when no advance under 25 cents will be accepted. You can bid anything up to 50c., after that the bid must be 55c., or 60c. Such offers as 51c., \$1.01, etc., are unavailable. Remember, do not bid a lump sum for a lot, but by piece.

Auction sales are strictly for cash. Parties unknown to me and bidding for the first time, must give bank or other reliable reference.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10 and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable. I have taken special pains to carefully and fairly describe each lot.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

The coins, etc., in each lot are different unless otherwise described. Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

My charge for executing bids will be 5 per cent. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft, as the usual exchange fee will be deducted from checks.

A printed list giving prices realized for each lot at the sale will be mailed on receipt of 50 cents.

HAVE YOU SEEN IT?

The May number of THE ELDER MONTHLY is now out, and you will find it worthy of your perusal. If you are not a subscriber, send for a sample copy. The June number will be especially interesting, with a finely illustrated and scholarly contribution to Egyptology, entitled, "The Typology of Sekhet," by Dr. B. P. Wright, ex-President of the American Numismatic Association. In this article, dealing with the curious cat-faced god of the Egyptians, Dr. Wright makes references to coins. There will be many other items of interest to all classes of collectors, and in this number also will be announced the winners of the prizes for the best articles on Numismatics and Archaeology.

Subscription price *only 50 cents per year.*

I still have a few printed lists, giving prices realized at my Third and Fourth Auction sales. They are well worth the cost—50 cents.

My sales net the best general results, and will bear comparison with any. If you contemplate selling your collection, or have duplicates, communicate with me for terms and other particulars.
